Angela and Monica: please see attached Summary for TF Vector Control (Harvey) activities, September 11, 2017 (1:00 PM CDT). DoD Aerial assets treated 197,000 acres in Orange, Jefferson, and portions of Chambers counties last night; awaiting update on Clarke mission from last night at 4:00 pm; FEMA, TX DSHS, are still awaiting a signed blanket statement from USDA to organic farmers that allows their products to continue to be considered organic sourced.
